

Creative Space Campaign

Help the CFA create a Creative Space!

The Center for the Arts (CFA) is finally a CENTER!

We need your support to ensure this space is able to enrich the community through the arts as soon as possible. This new center offers two spaces that will help us achieve this goal:

1: Fine Art & Craft Gallery Shop/Gathering Space

This Gallery will be painted but needs display units, point of sale systems, new lightbulbs, someone to manage sales and artists, and technology, supplies, and more.

2: Classroom/Music Room

We will remove the boxy wall in this Classroom space above to support more students need art equipment, cabinet, supplies, teachers, art curriculum, volunteer support, and more.

We need your time, treasure, or expertise:

Give TIME by helping us:

- Weed or spruce up the exterior
- Teach a class
- Assist at classes
- Bake for the arts
- Spread the word
